GOING DUTCH:

Paying separately, something the whole world thinks we Dutchies often do. But in fact it's our lovely visitors from abroad who are going Dutch all the time. This is not common to do so in The Netherlands.

Most Dutchies use **"TIKKIE"**, one picks-up the bill and sends the others a payment request.

DOUBLE DUTCH:

1) A language one cannot understand. 2) A jump-rope style using two ropes simultaneously. 3) Using two types of birth control to prevent making a baby. 4) Some kind of "men-sports" for which it's way too early to talk about.
